# PRINCETON NURSERIES

*Wholesale Price List*

FALL 1959      SPRING 1960

PRINCETON  
PRODUCTS

WM. FLEMER JR.

Princeton, N. J. Telephone WA 4-1776

# **F O R E W O R D**

July 1, 1959

Our variety list of ornamental stock is the largest and most complete offered at wholesale in America.

S E E

**Shademaster Locust, Plant Patent #1515, pages 34 and 35**  
**Summershade Maple, Plant Patent #1748, pages 6 and 7**

Our specialized equipment and our most modern facilities make it possible for us to produce and handle our trees and plants efficiently and economically. This is reflected in our reasonable prices.

## **REMEMBER**

We specialize in growing *Quality Nursery Stock*.  
We do no landscaping or planting jobs.  
We are not your competitor.

## **Conditions of Sale**

### **PRICES, ETC.**

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice.

#### **PLEASE NOTE**

Because of the extremely high cost of filling orders for small quantities of assorted shrubs and many other small bare root items, we have found it necessary to discontinue our "1 to 9" price column on them. Where these items are required in lots of less than ten of a variety and size, prices will be twice the 10 to 49 rates.

## **TERMS**

### **PRICES F.O.B. NURSERY AT KINGSTON, N. J.**

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms at thirty days from date of invoice.

**2% DISCOUNT** will be allowed **for payment in ten days from date of invoice.** Overdue accounts are subject to a 6% per annum service charge.

#### **SPECIAL CASH DISCOUNT**

5% discount will be allowed if cash, in full, is paid when order is placed and digging, or delivery, is scheduled for not less than thirty days after date of payment.

Orders for **shipment C.O.D.** must be accompanied by a remittance for one-third of the amount to insure acceptance. These are our only terms and no salesman or representative is authorized to alter them in any way unless confirmed from the office in writing.

#### **CLAIMS**

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but we **cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted.** Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

#### **SCHEDULE OF B&B CHARGES**

The following charges are made to cover additional cost of balling and burlapping deciduous trees and shrubs that are not listed B&B. The size of ball for most stock is in accordance with the A.A.N. "Horticultural Standards" recommendations.

These charges are based on a **carefully dug**, solid ball of earth, laced with rope or wire, and handled according to the best nursery practice.

## TREES, SHRUBS AND SMALL TREES

Diam. of ball	Size	Estimated Weight	Each
10"	18/24"	30 lbs.	.80
12"	2/3'	45 lbs.	1.25
13"	3/4'	60 lbs.	2.00
15"	4/5'	75 lbs.	2.50
16"	5/6'	100 lbs.	3.50
18"	6/8'	150 lbs.	5.00
21"	8/10'	225 lbs.	7.00
22"	1 1/2 to 1 3/4" cal.	260 lbs.	8.00
24"	2" cal.	300 lbs.	9.00

The above charges apply only F.O.B. NURSERY. We will be glad to estimate a delivered price based on the terms of delivery noted below.

Ball depth will normally be not less than 60% of the diameter, and in all cases is adjusted so as to encompass a maximum of the fibrous root system of the plant.

### BOXING CHARGES

Length	12x15"	15x16"	17x20"	19x24"	23x28"	27x32"	32x36"
4'	\$1.40	1.60	1.90	2.40	2.60	3.00	2.60
6'	2.10	2.40	2.85	3.60	3.90	4.50	5.40
8'	2.80	3.20	3.80	4.80	5.10	6.00	7.20
10'	3.50	4.00	4.75	6.00	6.50	7.50	9.00
12'	4.20	4.80	5.70	7.20	7.80	9.00	10.80
14'	4.90	5.60	6.65	8.40	9.10	10.50	12.60

Packing charges are at cost and represent the actual cost of the material used in the operation. No charge will be made for loading bulk truck or car lots.

### DELIVERY SERVICE

Although we maintain and operate a number of trucks for delivery of our orders and for which a reasonable charge is made, it is very difficult for us to attempt to deliver the vast volume of material we produce and we strongly urge that our customers send their own trucks, or hire local trucks, to pick up their orders here at the nursery as soon as we send notification that orders are ready.

When you send your trucks for material, we will be very glad to load the stock carefully with our help and supply ample quantities of good damp packing material, without extra charge. We will handle the loads to the best of our ability and can even make arrangements to load your trucks in the evening, if necessary.

Be sure to bring tarpaulins or suitable coverings to protect the plants on the truck, so they will not dry out on the road.

If it is necessary for us to supply covering material and rope it will be charged for at cost.

**DELIVERY CHARGES ARE NET AND DUE WHEN STOCK IS DELIVERED.**

**DELIVERING AGENT OR DRIVER WILL COLLECT THIS CHARGE WHEN DELIVERY IS MADE.**

## **"CARLOADS" AND FREIGHT SHIPMENT**

With our own railroad siding connecting with the main line of the Pennsylvania Railroad and a daily pickup service on L.C.L. and express shipments, we are in a position to expedite shipment to you without delay. Consult your local agent for rates to Monmouth Junction, N. J., or write us and we will gladly take care of it for you.

---

## **GUARANTEE OF GENUINENESS**

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

---

## **COME TO SEE US**

If you come by rail, use Pennsylvania Railroad and get off at Princeton Junction. Call WALnut 4-1776. We will send a car for you.

If you come by automobile our nurseries are on U. S. Highway No. 1, about ten miles northeast from Trenton. Watch for our signs.

If travelling on New Jersey Turnpike from the south, use Exit 8 (Hightstown) or, if travelling from the north, use Exit 9 (New Brunswick). Route 1 can be reached easily from either exit.

---

## **NOTES IN EXPLANATION OF CATALOGUE**

The figures following each variety indicate in feet the approximate height of that plant at maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are largely taken from the 1942 edition of "Standardized Plant Names." Changes in nomenclature according to the revised "Second Edition," which have not become generally familiar to the trade, are shown in parenthesis and cross-indexed for reference.

**ZONES RELATIVE TO HARDINESS**—Following the ultimate height shown on each variety, you will find a number covering the most northern zone where the particular variety is considered hardy.

### **See Hardiness Zone Map—Page 88**

Our standard of grading all plants is based on a schedule which has been adopted by the American Association of Nurserymen.

To facilitate the handling of orders and to enable us to render you quicker and better service we desire where possible, especially in deciduous material, that orders be made in multiples of 10. Many varieties are tied in 10's when graded. Your cooperation will be appreciated.

---

# SUMMERSHADE MAPLE

(Plant Patent #1748)

**ACER platanoides "Summershade", 60'-75' (Zone 3)**

The new rapid-growing, heat-resistant, upright Norway Maple, developed at Princeton Nurseries.

For over a decade we have been working with Norway Maples to produce a variety especially adapted to adverse hot weather areas. This new Summershade Maple is the most outstanding Norway Maple we have ever seen; the best of over 120,000 plants we have evaluated. The very dark green foliage is larger and more leathery than in other kinds and it resists windburn and insect injury. The tree grows much more rapidly, is a self-branching type, and quickly forms a shapely, upright head with the leader maintained to the top.

Its superior growth rate, form, and foliage will make money for you.

**ACER platanoides—Norway Maple.** We grow the best.  
This is a good heat and drought resistant variety.

Unit Price in Quantities  
1-9      10-49      50-249

#### NORWAY MAPLE STANDS DROUGHT

The most popular of all street trees. Through the drought periods of the recent summers, and most noticeably in 1957, this has been the tree that retained its dark green foliage without a sign of leaf scorch or drop throughout the entire summer.

#### ACER platanoides, 50'-75' (Zone 3)

	Norway Maple
6 to 8 ft.	3.75
8 to 10 ft., 1 to 1½ in.	4.90
9 to 11 ft., 1¼ to 1½ in.	6.35
10 to 12 ft., 1½ to 1¾ in.	8.50
11 to 13 ft., 1¾ to 2 in.	10.00
12 to 14 ft., 2 to 2¼ in.	13.50
13 to 15 ft., 2¼ to 2½ in.	17.00
14 to 16 ft., 2½ to 3 in.	22.40

#### — columnare, 50'-75' (Zone 3)

An outstanding, compact growing tree. Foliage is heavy and dark green. Very useful where a narrow dense tree is desired. Also useful in many areas where a heavy screen is wanted.

6 to 8 ft.	4.90	4.05	3.25
8 to 10 ft., 1 to 1¼ in.	6.75	5.50	4.50
9 to 11 ft., 1¼ to 1½ in.	9.00	7.50	6.00
10 to 12 ft., 1½ to 1¾ in.	12.00	10.00	8.00
11 to 13 ft., 1¾ to 2 in.	16.00	13.00	10.50
12 to 14 ft., 2 to 2½ in.	20.00	16.25	13.50

**ACER platanoides columnare.**

Makes an attractive medium sized screen as above. Also excellent in tall screens. Very effective as a columnare street tree. Foliage is rich dark green.

**Unit Price in Quantities**  
**1-9      10-49      50-249**

**ACER platanoides Drummondii, 20'-30' (Zone 4)**

Silver Variegated Norway Maple

Green leaves with almost white edging which follows contour of the leaf. A showy novelty. A spectacular sales yard item when potted.

4 to 5 ft., branched .....	3.75	3.00	2.50
5 to 6 ft., branched .....	5.75	4.40	3.50
6 to 8 ft., branched .....	7.15	5.85	4.75

**— — schwedleri, 40'-60' (Zone 4)**

Schwedler Maple

The ever popular purple leaved Schwedler Norway Maple. Slow growing and compact. In spring and early summer foliage is a rich reddish purple. Makes dense shade and, because of its slow growth and comparative small size at maturity, is often used as a colorful street tree where space is limited. Its bright colorful foliage makes an excellent tree to pot for sales yard operations.

6 to 8 ft. ....	4.50	3.75	3.00
8 to 10 ft., 1 to 1½ in. ....	6.00	5.00	4.00
8 to 10 ft., 1½ to 1¾ in. ....	7.50	6.00	5.00
9 to 11 ft., 1½ to 1¾ in. ....	10.00	8.00	6.50
10 to 12 ft., 1¾ to 2 in. ....	12.00	10.00	8.00
11 to 13 ft., 2 to 2½ in. ....	18.00	15.00	12.00

**ACER rubrum—Red or scarlet maple. Well balanced tops and straight trunks.**

Unit Price in Quantities	1-9	10-49	50-249
--------------------------	-----	-------	--------

**ACER pseudoplatanus, 60' (Zone 5)**

Planetree Maple

Vigorous growing. Spreading habit. Good in exposed locations and one of the most desirable trees for seashore planting. Strong growing. Forms a compact top, similar to Norway Maples.

6 to 8 ft.	3.75	3.00	2.50
8 to 10 ft., 1 to 1½ in.	5.25	4.40	3.50

### SHADEMASTER LOCUST

**GLEBITSIA SHADEMASTER** — Princeton's Upright Thornless Honeylocust. Plant Patent #1515. Picture was taken last August, showing 3½ seasons' growth after planting a 1¼" caliper tree. Back screen is 16 ft. wide and 18 ft. high.

# SHADEMASTER LOCUST

## PRINCETON UPRIGHT THORNLESS HONEYLOCUST

(Zone 4)

### Plant Patent No. 1515

For many years there has been a growing need for new and better shade trees. We have been striving to produce a Thornless Honeylocust with all the characteristics which are so evident in the photographs on the previous pages, and to eliminate all of the faults common in ordinary Honeylocusts. We have painstakingly examined over 20,000 individual trees in this program. Our long effort has resulted in the development of what we and our visitors proclaim to be the FINEST THORNLESS HONEYLOCUST AVAILABLE.

We were assisted in our final selection by a large panel of expert professional arborists. (The Princeton Upright Thornless Honeylocust was for many years the famous Number 13 in our research program.)

Its outstanding characteristics are:

- |                                          |                                                                                    |
|------------------------------------------|------------------------------------------------------------------------------------|
| 1—Straight, strong trunk                 | 9—Holds foliage late in the fall                                                   |
| 2—Ascending branches                     | 10—Deep roots                                                                      |
| 3—Heavy, dark green foliage              | 11—Does not heave sidewalks                                                        |
| 4—Requires no staking                    | 12—Grass will grow right up to the trunk                                           |
| 5—Rapid growth                           | 13—No leaf raking in the fall                                                      |
| 6—Transplants easily                     | 14—Forms unbelievably symmetrical tops—a radical departure from other Honeylocusts |
| 7—Freedom from diseases and insect pests |                                                                                    |
| 8—Drought resistance                     |                                                                                    |

3 to 4 ft. ....	1.10	.95	.75
4 to 5 ft. ....	1.50	1.25	1.00

**PRUNUS subhirtella pendula**—Weeping Japanese Cherry. On their own stems. Absolutely hardy. Will have a limited quantity.

<b>Unit Price in Quantities</b>			
<b>1-9</b>	<b>10-49</b>	<b>50-249</b>	

**PRUNUS subhirtella, 25'-30' (Zone 4)**

Higan Cherry

The native Higan Cherry of Japan. Forms a dense tree of small stature, hidden in clouds of pale pink flowers each spring. One of the hardest and toughest of all the Japanese cherries.

3 to 4 ft.	2.10	1.75	1.40
4 to 5 ft.	2.85	2.35	1.90
5 to 6 ft.	3.75	3.00	2.50
6 to 8 ft.	4.90	4.05	3.25
8 to 10 ft.	6.75	5.50	4.50

**— — autumnalis, 25'-30' (Zone 3) Autumn Flowering Higan Cherry**

Small tree. Semi-double flowering in October or early spring.

2 to 3 ft.	1.65	1.35	...
3 to 4 ft.	2.25	1.80	...
4 to 5 ft.	2.60	2.20	...

**— — Beni Higan, 25'-30' (Zone 3)**

Beni Higan Cherry

Upright growing, dense, small tree with clouds of pale pink, single flowers in early spring.

2 to 3 ft.	1.65	1.35	1.10
3 to 4 ft.	2.10	1.80	1.45
4 to 5 ft.	2.85	2.35	1.90

**PRUNUS thundercloud—Purple-leaved flowering Plum.  
The richest colored foliage of all purple plums.**

**Unit Price in Quantities**  
**1-9      10-49      50-249**

**PRUNUS subhirtella pendula, 12'-15' (Zone 3)**

Weeping Japanese Cherry

Pink flowers. Our weeping cherries are grown on their own stems, are winter hardy, and very attractive. They make an outstanding specimen, and are ideal to use as a graceful flowering screen. Side limbs can be removed, if desired, making a good standard weeping tree. The smaller sizes are good to pot for sales yards. These trees are preferred by many to top grafted trees. (See picture Page 55.)

4 to 5 ft., own stems .....	3.75	3.00	2.50
5 to 6 ft., own stems .....	4.50	3.75	3.00
6 to 2 ft., own stems .....	5.25	4.40	3.50
8 to 10 ft., own stems .....	6.00	5.00	4.00

**— Thundercloud, 12'-15' (Zone 3)      Purple Leaf Flowering Plum**

Rich, purple foliage. The very best of the purple leaf plums. Single pink flowers. We have replaced Pissardi by this variety because it is so much better.

3 to 4 ft. ....	1.65	1.35	1.10
4 to 5 ft. ....	2.10	1.75	1.40
5 to 6 ft. ....	3.00	2.50	2.00
6 to 8 ft. ....	3.75	3.00	2.50

**— tomentosum, 6'-7' (Zone 2)**

Nanking Cherry

Fruits are light red; flowers white, before leaves appear. Very showy.

18 to 24 in. ....	...	.60	.50
2 to 3 ft. ....	...	.75	.60
3 to 4 ft. ....	...	.95	.75
4 to 5 ft. ....	...	1.35	1.10

**PRUNUS kwanzan.** We offer Kwanzan in three forms.  
See below.

**Unit Price in Quantities**  
**1-9    10-49    50-249**

<b>PRUNUS triloba plena, 7'-8'</b> (Zone 5)	Double Flowering Plum		
Double pink flowers, April-May. Handsome and very useful.			
18 to 24 in. ....	....	.75	.60
2 to 3 ft. ....	....	.90	.70

**JAPANESE CHERRIES**

— **amanogawa, 20'-35'** (Zone 3)

Semi-double pale pink flowers in profusion. Narrow grower.

2 to 3 ft. ....	1.65	1.35	...
3 to 4 ft. ....	2.50	2.05	...
4 to 5 ft. ....	3.40	2.80	...

**PRUNUS KWANZAN**

The most popular of all double pink flowering cherries, offered in three distinct forms as below.

— **Kanzan (Serr. Sekiyama) (Kwanzan), 40'** (Zone 3)

Double deep pink. The best double flowering cherry. Ours are young, thrifty, and well grown.

**Regular 2 year.**

6 to 8 ft. ....	4.90 4.05 3.25

8 to 10 ft. ....	6.75 5.50 ..
------------------	--------------

During the transplanting process, trees of necessity lose a small portion of the root system they formerly had. To insure rapid, vigorous growth in their new location, the top should be pruned back so that there is a favorable balance of root over top. Damaged branches should be trimmed off below the point of injury. The central trunk or "leader" should be left intact to build a high crown and the side branches should be shortened in by at least one-half their length. This seems harsh treatment but the rapid re-growth which results more than justifies it. Broken roots should be cut off above the break and bruised ends cut off cleanly as they will regenerate more rapidly.

**Before Trimming**

**After Trimming**

**Pin Oak, Sweet Gum, etc.**

**Norway Maple, London Plane, Shademaster Locust, etc.**

# SALES YARD SUGGESTIONS

A properly managed sales yard, or plant market, can be a very profitable operation.

The following suggestions are made to assist you in selecting popular quick-selling varieties and in handling them successfully in your establishment. We will be pleased to help you select the very best plants for your own particular location or requirements.

## FLOWERING SHRUBS

Flowering shrubs established in pots or containers are easy to handle, solve your replacement problem, and give you a very long selling season. Moreover, the plants steadily improve in appearance and fullness as the selling season advances. **Pot as early in spring as possible.**

In potting shrubs a No. 2 Cloverset, or similar sized pot is good for the average size shrub. Use a mixture of 1/3 fibrous peat, 1/3 loam or good top soil and 1/3 sand. Spread the roots evenly in the pot and firm the soil as the pot is filled. Leave a rim of pot 1 to 1½" above the soil to facilitate watering.

After potting, soak well with a liquid fertilizer at about  $\frac{1}{4}$  the strength the manufacturer recommends. Place potted plants in a lath house, shaded cold greenhouse, or in a well sheltered area. Shift plants and space out as foliage develops. In caring for all potted material, water thoroughly often enough to keep the soil moist and mellow, but definitely not wet and soggy. Apply liquid fertilizer once a month after growth starts.

## SHRUBS — Ideal for Potting

Cercis chinensis .....	Chinese Redbud
Clethra alnifolia .....	Summersweet
Deutzia gracilis rosea .....	Rose panicle Deutzia
Euonymus alatus .....	Winged Euonymus
Forsythia spectabilis .....	Showy Border Forsythia
Hydrangea, A.G. ....	Snowhill Hydrangea
Lonicera tatarica alba .....	White Tatarian Honeysuckle
Lonicera tatarica rosea .....	Pink Tatarian Honeysuckle
Lonicera tatarica zabelli .....	Red Zabell Honeysuckle
Philadelphus lemoinei .....	Lemoine Mockorange (dwarf)
Philadelphus virginalis .....	Virginal Mockorange
Prunus glandulosa pink .....	Pink Flowering Almond
Prunus triloba plena .....	Double Pink Flowering Plum
Rosa rugosa (Shrub-rose) .....	Golden Rose of China
Spirea bumalda Anthony Waterer .....	Anthony Waterer Spirea
Spirea prunifolia plena .....	Bridalwreath
Spirea vanhouttei .....	Vanhoutte Spirea
Syringa vulgaris .....	Common Purple Lilac
Syringa vulgaris alba .....	Common White Lilac
Syringa vulgaris hybrids .....	French Hybrid Lilacs
Vitex macrophylla .....	Large-leaf Lilac Chaste Tree
Weigela Eva Rathke .....	Redflowered Weigela
Weigela rosea .....	Pink Weigela

## VINES — Ideal for Potting

<i>Euonymus radicans</i> .....	Wintercreeper
<i>Euonymus radicans colorata</i> .....	Purpleleaved Wintercreeper
<i>Euonymus radicans vegetus</i> .....	Bigleaf Wintercreeper
<i>Jasminum nudiflorum</i> .....	Winter Jasmine

## SHADE, ORNAMENTAL AND FLOWERING TREES

New housing has created a remarkable demand for shade and flowering trees. Sales yard operators can capitalize on this demand because potted trees are easy to handle, thrive after planting and can be sold throughout the entire spring season and on into summer. It is best to pot small sized trees for the cash and carry business. Large sizes require too heavy a container and will not go in or on a passenger car.

For potting small trees the No. 4 Cloverset pot, or its equivalent is a good size. Use the same potting soil mixture and procedure as for shrubs. After potting soak thoroughly with liquid fertilizer at  $\frac{1}{4}$  the strength the manufacturer recommends.

Place potted trees under a high lath shade, or in a protected location and space out as foliage and branches develop. Stake slender or weeping trees with a light bamboo cane. Fertilize with liquid fertilizer once a month.

The following list of trees covers the best varieties for potting and the sizes recommended are easily re-established and handled.

## TREES — Ideal for Potting

<i>Acer platanoides</i> , 6/8'	..... Norway Maple
<i>Acer platanoides Crimson King</i> , 4/5', 5/6' & 6/8'	..... Crimson King Maple
<i>Acer platanoides schwedleri</i> , 6/8'	..... Schwedler Maple
<i>Acer rubrum</i> , 6/8'	..... Red or Scarlet Maple
<i>Betula alba</i> , 4/5', 5/6'	..... European White Birch
<i>Crataegus mollis</i> , 5/6'	..... Downy Hawthorn
Shademaster Locust (Plant Patent No. 1515)	
Summershade Maple (Plant Patent No. 1748)	
Cole's Sunburst Locust Whips (Plant Patent No. 1313)	
Moraine Locust Whips (Plant Patent No. 836)	
<i>Malus</i> assorted, 4/5' & 5/6'	..... Flowering Crab
<i>Platanus acerifolium</i> , 6/8'	..... London Planetree
<i>Prunus Newport</i> , 3/4'	..... Purpleleaf Plum
<i>Prunus subhirtella pendula</i> , 4/5' & 5/6'	..... Weeping Japanese Cherry
<i>Prunus Kwanzan</i> , 4/5' & 5/6'	..... Double Pink Flowering Cherry
<i>Salix elegantissima</i> , 5/6' & 6/8'	..... Thurlow Weeping Willow

## EVERGREENS AND OTHER BALLED AND BURLAPPED PLANTS

Balled and burlapped plants are of course "tailor made" for the plant market. They are in good demand and are easy to handle.

Display them under a lath house, or in a suitable partially shaded or protected area. Cut the strings around the branches

as soon as they are received. Heel the balls in neat beds of peat moss or sawdust. Moderately raised beds make the plants appear at their best. Label each plant individually as to variety and price.

As soon as active growth begins in the spring, spray every two weeks with a foliar feeding spray at  $\frac{1}{2}$  the manufacturer's recommended dilution, or inject the mixture into the balls with a root feeding needle. Plenty of nitrogen is necessary to maintain good foliage color in B&B plants growing actively.

The following list covers the most popular and profitable varieties.

### Balled and Burlapped Plants

<i>Abelia grandiflora</i>	Glossy Abelia
<i>Azalea amoena</i>	Amoena Azalea
<i>Azalea hinodegiri</i>	Hinodegiri Azalea
<i>Azalea Kaempferi</i> Hybrids	Assorted Colors
<i>Chamaecyparis plumosa</i>	Plume Retinospora
<i>Chamaecyparis plumosa aurea</i>	Golden Retinospora
<i>Ilex convexa</i>	Convex Leaved Holly
<i>Ilex microphylla</i>	Little Leaved Holly
<i>Juniper chinensis glauca hetzi</i>	Hetz Blue Juniper
<i>Juniper chinensis pfitzeriana</i>	Pfitzer Juniper
<i>Juniper hibernica</i>	Irish Juniper
<i>Juniper excelsa stricta</i>	Spiny Greek Juniper
<i>Kalmia latifolia</i>	Mountain Laurel
<i>Magnolia soulangeana</i>	Saucer Magnolia
<i>Mahonia aquifolia</i>	Oregon Holly Grape
<i>Taxus cuspidata</i>	Spreading Japanese Yew
<i>Taxus cuspidata nana</i>	Dwarf Japanese Yew
<i>Taxus media hatfieldi</i>	Hatfield Yew (upright)
<i>Thuja occidentalis globosa</i>	Globe Arborvitae
<i>Thuja occidentalis nigra</i>	Dark American Arborvitae
<i>Thuja occidentalis pyramidalis</i>	Pyramidal Arborvitae
<i>Thuja orientalis aurea nana</i> (Golden Biota)	Berckman's Golden Arborvitae

# A HELPFUL SERVICE

## WHAT SHALL I PLANT?

To assist in the proper selection of plant material for various conditions, uses and requirements, and to easily classify plants as to fruit, colors, and other characteristics, we refer you to the following lists.

All plants recommended are offered in this catalogue and the use of this reference will enable you to quickly and easily arrive at the proper variety list to cover your needs for any special or unusual requirements.

### *For a Quick-Growing Screen*

#### TREES

<i>Acer dasycarpum</i>	<i>Populus</i> in variety
<i>Chamaecyparis pisifera</i> and varieties	<i>Pseudotsuga douglasii</i>
<i>Picea excelsa</i>	<i>Salix</i> in variety
<i>Pinus strobus</i>	<i>Thuja occid. pyramidalis</i>
<i>Pinus sylvestris</i>	<i>Thuja occidentalis nigra</i>
	<i>Tsuga canadensis</i>

#### SHRUBS

<i>Eleagnus angustifolia</i>	<i>Photinia villosa</i>
<i>Euonymus bungeanus</i>	<i>Physocarpus opulifolius</i>
<i>Ligustrum ibota</i>	<i>Rhamnus frangula</i>
<i>Ligustrum ovalifolium</i>	<i>Viburnum lantana</i>
<i>Lonicera</i> in variety	<i>Viburnum lentago</i>

### *For a Formal Clipped Hedge*

#### TREES

<i>Acer campestre</i>	<i>Picea excelsa</i>
<i>Acer ginnala</i>	<i>Pinus strobus</i>
<i>Carpinus carolinianum</i>	<i>Taxus</i> in variety
<i>Crataegus cordata</i>	<i>Thuja occidentalis</i> and varieties
<i>Crataegus crusgalli</i>	<i>Tsuga canadensis</i>
<i>Crataegus oxyacantha</i>	

#### SHRUBS

<i>Berberis thunbergii</i>	<i>Ilex crenata microphylla</i>
<i>Buxus sempervirens</i>	<i>Ligustrum ibolium</i>
<i>Euonymus alatus</i>	<i>Ligustrum ovalifolium</i>
<i>Euonymus alatus compactus</i>	<i>Pyracantha coccinea lalandii</i>
<i>Euonymus radicans vegetus</i>	<i>Rhamnus cathartica</i>
<i>Ilex crenata bullata</i>	<i>Rhamnus frangula</i>

## *For an Informal, Flowering or Fruiting, or Evergreen Hedge*

Berberis in variety	Rosa hugonis
Cydonia japonica	Rosa rubiginosa
Deutzia gracilis	Rosa rugosa
Deutzia lemoinei	Spirea bum. Anthony Waterer
Euonymus patens	Spirea thunbergi
Forsythia spectabilis	Spirea Van Houttei
Hibiscus syriacus	Sorbaria aitchisoni
Juniperus pfitzeriana	Syringa alba
Juniperus hetzii	Syringa vulgaris
Lonicera (bush forms)	Taxus brownii
Mahonia aquifolia	Taxus hatfieldii
Philadelphus coronarius	Viburnum dentatum
Philadelphus lemoinei	Viburnum lantana
Rhodotypos kerrioides	Viburnum tomentosum

## *For a Wet Location*

### **TREES**

Koelreuteria paniculata  
Pinus strobus  
Pinus sylvestris  
Quercus coccinea  
Quercus macrocarpa  
Sophora japonica  
Ulmus pumila

## *For a Dry Location*

### **SHRUBS**

<i>Acanthopanax pentaphyllum</i>	<i>Lonicera tatarica</i> varieties
<i>Amorpha fruticosa</i>	<i>Lycium chinense</i>
<i>Ceanothus americanus</i>	<i>Potentilla fruticosa</i>
<i>Caragana arborescens</i>	<i>Prunus maritima</i>
<i>Colutea arborescens</i>	<i>Rhamnus frangula</i>
<i>Cornus paniculata</i>	<i>Rhus</i> in variety
<i>Eleagnus angustifolia</i>	<i>Robinia hispida</i>
<i>Eleagnus longipes</i>	<i>Rosa nitida</i>
<i>Juniperus chin. sargentii</i>	<i>Rosa rugosa</i>
<i>Juniperus communis</i> and varieties	<i>Tamarix parviflora</i>
<i>Juniperus horiz. douglasii</i>	<i>Tamarix pentandra</i>
<i>Ligustrum</i> in variety	<i>Viburnum prunifolium</i>

## *Berry-Bearing Trees and Shrubs*

### **RED BERRIES**

<i>Aronia arbutifolia</i>	<i>Ilex verticillata</i>
<i>Benzoin aestivale</i>	<i>Lonicera maacki</i>
<i>Berberis thunbergii</i>	<i>Lonicera morrowii</i>
<i>Cornus florida</i>	<i>Lonicera tatarica</i>
<i>Cornus kousa</i>	<i>Magnolia glauca</i>
<i>Cornus mas</i>	<i>Malus hopa</i>
<i>Cotoneaster dielsiana</i>	<i>Malus sargentii</i>
<i>Cotoneaster divaricata</i>	<i>Photinia villosa</i>
<i>Cotoneaster franchetti</i>	<i>Pyracantha cocc. lalandii</i>
<i>Cotoneaster horizontalis</i>	<i>Rhus canadensis</i>
<i>Cotoneaster horiz. perpusilla</i>	<i>Rosa blanda</i>
<i>Cotoneaster rotundifolia</i>	<i>Rosa palustris</i>
<i>Cotoneaster salicif. floccosa</i>	<i>Rosa rubiginosa</i>
<i>Cotoneaster simonsii</i>	<i>Rosa rugosa</i>
<i>Crataegus coccinea</i>	<i>Sorbus aucuparia</i>
<i>Crataegus cordata</i>	<i>Symporicarpos chenaultii</i>
<i>Crataegus crusgalli</i>	<i>Symporicarpos vulgaris</i>
<i>Eleagnus longipes</i>	<i>Viburnum americanum</i>
<i>Euonymus alatus</i>	<i>Viburnum dilatatum</i>
<i>Euonymus alatus compacta</i>	<i>Viburnum opulus</i>
<i>Euonymus europaeus</i>	<i>Viburnum theiferum</i>
<i>Euonymus radicans vegetus</i>	<i>Viburnum wrightii</i>
<i>Ilex opaca</i>	

### **BLACK BERRIES**

<i>Amelanchier canadensis</i>	<i>Rhamnus cathartica</i>
<i>Aronia melanocarpa</i>	<i>Rhamnus frangula</i>
<i>Berberis verruculosa</i>	<i>Rhodotypos kerrioides</i>
<i>Cotoneaster acutifolia</i>	<i>Viburnum acerifolium</i>
<i>Ilex crenata convexa</i>	<i>Viburnum lantana</i>
<i>Ilex crenata microphylla</i>	<i>Viburnum lentago</i>
<i>Ilex glabra</i>	<i>Viburnum prunifolium</i>
<i>Ligustrum ibota</i>	<i>Viburnum sieboldii</i>
<i>Ligustrum regelianum</i>	

### **WHITE BERRIES**

<i>Cornus alba (sibirica)</i>	<i>Myrica carol. (gray)</i>
<i>Cornus stolonifera</i>	<i>Pachysandra terminalis</i>
<i>Cornus paniculata</i>	<i>Symporicarpos racemosus</i>

## Berry-Bearing Trees and Shrubs

### DEEP BLUE-BLACK BERRIES

<i>Berberis julianae</i>	<i>Viburnum cassinoides</i>
<i>Berberis triacanthophora</i>	<i>Viburnum dentatum</i>
<i>Callicarpa japonica</i>	<i>Viburnum molle</i>
<i>Callicarpa purpurea</i>	<i>Viburnum nudum</i>
<i>Cornus amomum</i>	

## Small or Dwarf Plants for the Border

<i>Abelia grandiflora</i>	<i>Juniperus</i> (spreading types)
<i>Acer palmatum</i> and varieties	<i>Leucothoe catesbaei</i>
<i>Azalea amoena</i>	<i>Mahonia aquifolium</i>
<i>Azalea hinodegiri</i>	<i>Pachysandra terminalis</i>
<i>Berberis triacanthophora</i>	<i>Pieris floribunda</i>
<i>Berberis verruculosa</i>	<i>Pieris japonica</i>
<i>Buxus</i>	<i>Potentilla</i> varieties
<i>Ceanothus americanus</i>	<i>Prunus glandulosa</i>
<i>Cotoneaster horiz. perpusilla</i>	<i>Rosa nitida</i>
<i>Cotoneaster microphylla</i>	<i>Spirea bum. Anthony Waterer</i>
<i>Deutiza gracilis</i>	<i>Spirea thunbergi</i>
<i>Deutzia lemoinei</i>	<i>Stephanandra flexuosa</i>
<i>Diervilla sessilifolia</i>	<i>Symporicarpos</i> (various)
<i>Euonymus radicans</i> and varieties	<i>Taxus cuspidata nana</i>
<i>Hypericum moserianum</i>	<i>Thuja</i> (dwarf & globe forms)
<i>Ilex convexa</i> (bullata)	<i>Viburnum opulus nana</i>
<i>Ilex crenata microphylla</i>	<i>Zanthorhiza apifolia</i>

## For a Smoky, Dusty, City Situation

### TREES

<i>Acer platanoides</i>	<i>Gleditsia Shademaster</i>
<i>Acer plat.</i> Summershade (P.P. #1748)	(P.P. #1515)
<i>Ailanthus glandulosa</i>	<i>Phellodendron</i> species
<i>Carpinus betulus</i>	<i>Pinus nigra austriaca</i>
<i>Celtis occidentalis</i>	<i>Pinus sylvestris</i>
<i>Crataegus crusgalli</i>	<i>Platanus orientalis</i>
<i>Ginkgo biloba</i>	<i>Populus eugenie</i> and <i>maximowiczii</i>
<i>Gleditsia triacanthos</i> varieties	<i>Sophora japonica</i>

### SHRUBS

<i>Acanthopanax pentaphyllum</i>	<i>Lonicera fragrantissima</i>
<i>Aralia spinosa</i>	<i>Lonicera morrowi</i>
<i>Berberis thunbergi</i>	<i>Physocarpus opulifolius</i>
<i>Colutea arborescens</i>	<i>Rhodotypos kerrioides</i>
<i>Crataegus cordata</i>	<i>Spiraea Van Houttei</i>
<i>Forsythia</i> in variety	<i>Symporicarpos</i> in variety
<i>Ilex crenata</i>	<i>Syringa vulgaris</i>

 Viburnum prunifolium  
 \*Vinca minor  
 Zanthorhiza apiifolia  
 (\*tolerates dense shade)

## *Trees for Avenues and Streets*

### **Habit—Tall, formal and heavy**

- Acer platanoides  
 Acer plat. Summershade  
 (P.P. #1748)  
 Acer saccharum  
 Liriodendron tulipifera  
 Platanus orientalis  
 Quercus rubra  
 Tilia americana  
 Tilia tomentosa

### **Habit—Tall, medium to light textured**

- Acer dasycarpum  
 Acer rubrum  
 Ailanthus glandulosa  
 Fraxinus americana  
 Fraxinus lanceolata  
 Ginkgo biloba

- Gleditsia triac. Shademaster  
 (P.P. #1515)  
 Quercus coccinea  
 Quercus palustris  
 Ulmus americanum

### **Habit—Medium height for narrow, residential street**

- Acer campestre  
 Acer plat. columnare  
 Betula alba  
 Celtis occidentalis  
 Cercidiphyllum japonicum  
 Koelreuteria paniculata  
 Liquidambar styraciflua  
 Phellodendron chinense  
 Prunus Kwanzan  
 Prunus yedoensis  
 Sophora japonica  
 Sorbus aucuparia  
 Tilia cordata

## *For Seashore Locations*

- Acer pseudoplatanus  
 Amelanchier canadensis  
 Ilex opaca  
 Nyssa sylvatica

- Aronia arbutifolia  
 Clethra alnifolia  
 Eleagnus angustifolia  
 Eleagnus umbellata  
 Hibiscus syriacus  
 Hydrangea Otaksa  
 Ilex glabra  
 Juniperus horiz. Bar Harbor  
 Juniperus horiz. plumosa  
 Ligustrum ovalifolium

### **TREES**

- Pinus thunbergi  
 Platanus acerifolium  
 Populus alba bolleana  
 Populus eugenei

### **SHRUBS**

- Myrica pensylvanicum  
 Prunus maritima  
 Rhus species  
 Rosa rugosa  
 Rosa blanda  
 Rosa wichuriana  
 Syringa vulgaris  
 Tamarix species  
 Viburnum dentatum

# HARDINESS ZONES of the UNITED STATES

MAP OF CLIMATIC ZONES 3-7

After each plant name, zone of hardiness is indicated.  
Many other factors besides winter temperature influence the hardi-  
ness and growth of certain plants.

## SPECIAL OFFER

### ASSORTED SHRUBS AND GROUND COVERS

Our selection includes all desirable varieties for landscape plantings.

Many of our customers have asked for assorted plants where the varieties do not have to be specified. We are, therefore, offering three groups of plants this season. The varieties used will naturally be made up of items that we have in good supply at the time.

	100 or more	1000 or more
GROUP A—Shrubs, 2 yr. Average 2 ft. or more, including many good ornamental varieties of Cornus, Deutzia, Spirea, Lonicera and others .....	.40	.35
GROUP B—Shrubs, 3 yr. average 3 ft. or more, including many good ornamental varieties as above .....	.45	.40
GROUP C—Ground Covers, 2 yr. Average 15 in. or more, including many excellent low-growing, woody ground covers .....	.35	.30

We may also from time to time have special offers of assorted SHADE TREES, SMALL EVERGREENS, or other items. Consult us first and take advantage of the savings involved.
